1. Parties

This Care Plan Agreement ("Agreement") is entered into as of `{EFFECTIVE_DATE}` between **Webstar Business Services LLC** ("Webstar," "we," "us"), Metro Detroit & surrounding Michigan communities · 248-564-3663 · ian@webstarbusinessservices.com, and **`{CLIENT_LEGAL_NAME}`** ("Client," "you"), contact `{CLIENT_CONTACT}`.

---

2. What each plan includes

Essential Care — $49/mo

- Hosting on Webstar's managed server (or management of Client's own cPanel host)
- Daily backups with 30-day retention; restore on request
- Uptime monitoring and SSL certificate renewal
- PHP, security, and dependency updates
- **30 minutes** of content edits per month (text, images, hours, prices, simple sections)
- Email support with a **1-business-day** response target

Standard Care — $99/mo (everything in Essential, plus)

- **60 minutes** of content edits per month
- Monthly plain-English report from Google Analytics and Search Console

- Monthly Google Business Profile check and photo/post refresh
- Priority support with a **same-business-day** response target

Premium Care — $179/mo (everything in Standard, plus)

- **120 minutes** of content edits or small features per month
- Quarterly strategy call and conversion review
- Seasonal promo updates and new landing sections
- Phone and text support during business hours

Edit minutes: tracked in 15-minute increments; unused minutes do not roll over. Work beyond the monthly allowance is quoted in advance as a change order at Webstar's then-current hourly rate or moved to a higher plan.

Not included: domain registration fees; third-party subscriptions (booking software, email marketing, stock photos); redesigns or new page templates beyond the plan's minutes; paid ads or SEO campaigns; content writing beyond edits; recovery from changes made by Client or third parties outside Webstar's access (quoted separately); guaranteed rankings or reviews.

---

3. Fees and billing

The monthly fee is charged automatically by **Stripe** on the billing day. If payment fails and is not resolved within 15 days, a 1.5% monthly late fee may apply and services may pause (the site stays online for a further 15 days before suspension). Price changes require **60 days' written notice**.

---

4. Term and cancellation

Month-to-month, starting `{START_DATE}`. Either party may cancel with **30 days' written notice** (email is fine). On cancellation:

- Webstar provides a **complete export** of the site (files, database if any, instructions) within 10 business days, at no charge.
- If the site is on Webstar's server, hosting ends at the end of the notice period; Webstar helps repoint DNS to the new host.
- Any unused edit minutes expire; no partial-month refunds.

Client's domain, content, Google properties, and (once paid for under the original project agreement) website files remain Client's at all times.

---

5. Access and security

Client grants Webstar the access needed to perform the plan (hosting, DNS, Google properties as manager). Webstar stores credentials in a password manager, never in public repositories, and removes its access within 10 business days of cancellation on request. Backups are stored off-server and encrypted at rest where the provider supports it.

---

6. Service levels

Target uptime 99.5% monthly excluding scheduled maintenance announced in advance; monitoring alerts are acted on during business hours (Mon–Fri, 9–5 ET) and for outages as soon as practical. Webstar's

remedy for missed service levels is a pro-rated credit of the monthly fee for the affected days, on request. Client's own hosting provider's uptime is outside Webstar's control.

7. Shared terms

Master §9 (confidentiality and security), §10 (accessibility), §11 (liability and indemnification, with liability capped at fees paid in the preceding six months), §12 (termination for breach), §13 (force majeure and assignment), §14 (Michigan law, Oakland County venue, good-faith negotiation), and §15 (entire agreement) apply to this Agreement as if set out here.
