1. Parties

This Service Agreement ("Agreement") is entered into as of `{EFFECTIVE_DATE}` between:

Provider: Webstar Business Services LLC ("Webstar," "we," "us"), Metro Detroit & surrounding Michigan communities · 248-564-3663 · ian@webstarbusinessservices.com · https://www.webstarbusinessservices.com

Client: `{CLIENT_LEGAL_NAME}` ("Client," "you"), contact: `{CLIENT_CONTACT}`

2. Services and scope

Webstar will perform the **Business Growth Website** services listed in the written estimate and the fill-in block above.

May include (only if listed): custom page count and functionality; third-party integrations, booking flows, or calendars; custom marketing materials; growth items; other estimate items.

Always included: Google Business Profile create or claim and full setup; Google Analytics 4 with call/form click tracking and a measurement baseline; Google Search Console and sitemap submission; accounts owned by Client's Google account; verification guidance; first check-in once data arrives. Deployment to the hosting path checked above with launch checklist, training notes, and handoff documentation.

Nothing else is included by default beyond what this Agreement and the written estimate list. Attach or keep the estimate with the signed copy.

Not included

Anything omitted from the estimate, including future features, new locations, or new integrations requested after kickoff (those need a change order). Ongoing hosting, maintenance, SEO retainers, or paid ads unless listed (see Care Plans). Guaranteed Google verification timing, rankings, or reviews.

3. Client responsibilities

Provide in a timely manner: assets, access, approvals within **3 business days** of each review request, a Google account for the business, completion of Google's verification step, and any third-party accounts required by the estimate. Delays may push `{DELIVERY_DATE}`.

4. Timeline

Work starts after (a) signature and (b) first payment or pay-in-full (or agreed first milestone) clears, and (c) estimate scope is locked. Timelines are estimates, not guarantees; Google verification wait times are outside Webstar's control.

---

5. Fees and payment

Item	Amount
Total project fee	`{PRICE}`
First payment	`{DEPOSIT}`
Balance / remaining	`{BALANCE}`

Default options: (1) **Pay in full** after signing, or (2) **50%** upon signing and **50%** when Webstar notifies Client that the **build is complete**. If **Milestones** is checked, the written schedule above controls and each milestone is invoiced when reached.

After the final balance clears (or if paid in full): Webstar **launches** and/or hands off deliverables as scoped in the estimate and completes Google services.

Card on file: Client authorizes Webstar to keep a payment method on file (Stripe or specified processor) **until the full invoice amount is paid**. Remaining amounts may be charged when due; Client will be notified.

Late payment: amounts unpaid 15 days after due may accrue 1.5% per month; work may pause while overdue.

Invoices via Stripe (or method Webstar specifies). Third-party costs remain Client's unless listed as included.

---

6. Revisions and change orders

Up to **two (2)** rounds of reasonable revisions per deliverable unless the estimate states a different allowance. Work outside the estimate requires a written change order (email is enough) with price and timeline, approved before Webstar starts it.

---

7. Ownership

Client owns the domain, hosting accounts in Client's name, and the Google properties under Client's Google account. Upon full payment, Client owns the final deliverables for this project, subject to third-party licenses. Webstar may showcase the work unless Client objects in writing before launch. Webstar tools/frameworks remain Webstar's; Client receives a perpetual license to use them as delivered.

---

8. Build complete, launch, warranty, and handoff

Build complete = Webstar notifies Client that scoped deliverables are ready for final review / pre-launch. **Launch / handoff** occurs after amounts due at that stage are paid. **30-day warranty:** for 30 days after launch Webstar fixes in-scope defects at no charge (excludes Client/third-party changes, hosting outages,

content updates, new requests). After that, hosting, renewals, content updates, backups, and security are Client's responsibility unless a Care Plan Agreement is in place.

9. Confidentiality, security, and privacy

Each party keeps the other's non-public business information confidential (2 years after the project). Webstar: no plaintext passwords in public repos; access-controlled staging; secure channels for secrets; project info used only for this work; Webstar does not sell Client data. Client remains responsible for content legality and for customer data Client's site collects.

10. Accessibility and compliance

Webstar builds to WCAG 2.1 AA practices but does not warrant compliance with any specific law (including the ADA) and does not provide legal advice. Content added by Client after handoff is Client's responsibility.

11. Limitation of liability and indemnification

Webstar's total liability under this Agreement is limited to fees actually paid for this project. No liability for indirect or consequential damages, or for Client hosting / third-party tools / Client content. Each party indemnifies the other against third-party claims arising from its own content, breach, or negligence. No guarantee of rankings, reviews, leads, or business results.

12. Termination

Either party may terminate in writing for material breach uncured within **10 days**. If Client terminates for convenience after work begins, Client pays for work performed to date (pro-rated against the estimate) and non-refundable third-party costs.

13. Force majeure, assignment, governing law

Neither party is liable for delays caused by events beyond reasonable control. Neither party may assign without consent (Webstar may use subcontractors under equivalent confidentiality). Laws of the State of Michigan; venue in the courts serving Oakland County, Michigan; good-faith negotiation for 15 days before any filing.

14. Entire agreement

This Agreement, the written estimate, and any written change orders are the entire agreement for this project. Changes must be in writing (email is enough). Unenforceable provisions do not affect the rest.
