1. Parties

This Service Agreement ("Agreement") is entered into as of `{EFFECTIVE_DATE}` between:

Provider: Webstar Business Services LLC ("Webstar," "we," "us"), Metro Detroit & surrounding Michigan communities · 248-564-3663 · ian@webstarbusinessservices.com · https://www.webstarbusinessservices.com

Client: `{CLIENT_LEGAL_NAME}` ("Client," "you"), contact: `{CLIENT_CONTACT}`

---

2. Services and scope

Webstar will perform the **Simple Website** services below for this project.

Included deliverables

- Fully functional responsive website (**3 pages**)
- Contact form (spam-protected, emailing Client)
- Call and book-now style buttons (links to Client's phone / existing booking tool)
- Custom design and content structure based on Client intake
- **Google services:** Google Business Profile create or claim and full setup (categories, hours, services, description, photos, NAP); Google Analytics 4 property with call/form click tracking; Google Search Console property and sitemap submission; accounts owned by Client's Google account; verification guidance; one plain-language first check-in once data arrives
- Deployment to the hosting path checked above; launch checklist (DNS, SSL, forms, analytics)

Not included (unless written change order)

- Booking/calendar third-party integrations beyond simple links or buttons
- Print / brand kit (flyers, card, letterhead, signature) — included in Business Website
- Content writing beyond structuring Client-provided copy
- Ongoing hosting, maintenance, SEO campaigns, or paid ads (see Care Plans)
- Guaranteed Google verification timing, rankings, or reviews

Anything not listed here or in a written change order is out of scope.

---

3. Client responsibilities

Provide in a timely manner: logo, photos, copy notes, accurate NAP/hours, a Google account for the business, feedback within **3 business days**, hosting/domain access when deploy is in scope (secure channel), and completion of Google's verification step. Delays may push `{DELIVERY_DATE}`.

---

4. Timeline

Work starts after (a) signature and (b) first payment or pay-in-full clears, and (c) enough intake assets to begin. Timelines are estimates, not guarantees; Google verification wait times are outside Webstar's control.

---

5. Fees and payment

Item	Amount
Total project fee	`{PRICE}`
First payment	`{DEPOSIT}`
Balance	`{BALANCE}`

Options: (1) **Pay in full** after signing, or (2) **50%** upon signing and **50%** when Webstar notifies Client that the **build is complete** (site ready for final review / pre-launch). **After the second payment clears** (or if paid in full), Webstar **launches** the site and completes Google services.

Card on file: Client authorizes Webstar to keep a payment method on file (Stripe or specified processor) **until the full invoice amount is paid**. Remaining balance may be charged when due; Client will be notified.

Late payment: amounts unpaid 15 days after due may accrue 1.5% per month; work may pause while overdue.

Invoices via Stripe (or method Webstar specifies). Domain, Client hosting, and other third-party costs are Client's unless listed as included.

---

6. Revisions and change orders

Up to **two (2)** rounds of reasonable revisions. Work outside this scope requires a written change order (email is enough) with price and timeline, approved before Webstar starts it.

---

7. Ownership

Client owns the domain, hosting accounts in Client's name, and the Google properties under Client's Google account. Upon full payment, Client owns the final site deliverables for this project, subject to third-party licenses. Webstar may showcase the work unless Client objects in writing before launch. Webstar tools/frameworks remain Webstar's; Client receives a perpetual license to use them as delivered.

---

8. Build complete, launch, warranty, and handoff

Build complete = Webstar notifies Client the site build is ready for final review / pre-launch. **Launch / handoff** occurs after the balance is paid (or if paid in full). **30-day warranty:** for 30 days after launch Webstar fixes in-scope defects at no charge (excludes Client/third-party changes, hosting outages, content updates, new requests). After that, hosting, renewals, content updates, backups, and security are Client's responsibility unless a Care Plan Agreement is in place.

---

9. Confidentiality, security, and privacy

Each party keeps the other's non-public business information confidential (2 years after the project). Webstar: no plaintext passwords in public repos; access-controlled staging; secure channels for secrets; project info used only for this work; Webstar does not sell Client data. Client remains responsible for content legality and for customer data Client's site collects.

---

10. Accessibility and compliance

Webstar builds to WCAG 2.1 AA practices but does not warrant compliance with any specific law (including the ADA) and does not provide legal advice. Content added by Client after handoff is Client's responsibility.

11. Limitation of liability and indemnification

Webstar's total liability under this Agreement is limited to fees actually paid for this project. No liability for indirect or consequential damages, or for Client hosting / third-party tools / Client content. Each party indemnifies the other against third-party claims arising from its own content, breach, or negligence. No guarantee of rankings, reviews, leads, or business results.

12. Termination

Either party may terminate in writing for material breach uncured within **10 days**. If Client terminates for convenience after work begins, Client pays for work performed to date (pro-rated) and non-refundable third-party costs.

13. Force majeure, assignment, governing law

Neither party is liable for delays caused by events beyond reasonable control. Neither party may assign without consent (Webstar may use subcontractors under equivalent confidentiality). Laws of the State of Michigan; venue in the courts serving Oakland County, Michigan; good-faith negotiation for 15 days before any filing.

14. Entire agreement

This Agreement and any written change orders are the entire agreement for this project. Changes must be in writing (email is enough). Unenforceable provisions do not affect the rest.

Acceptance
